COR DI VIN 95 - I.G.T. ROSSO VERONESE

---

#### DESCRIPTION

It comes from a pun: Cor is the Verona dialect word for heart, whereas di vin means of wine: that is, the heart of wine. 95 because it consists of a blend of fine grape varieties: 95% typical grapes, and 5% Marselan, a French vine coming from a crossing between Cabernet Sauvignon and Grenache, that we believe gives the wine colour and a distinctive trait both to the nose and the palate.

#### MATURATION

The peculiarity of this wine is the drying on the vine: a late harvest. Start of the 15 months aging process in small French oak barrels. The chosen oak is a very special selection of woods from the best French forests (medium toast). After 5-7 months of bottle aging, the Cor di Vin 95 is put on sale.

#### SERVING SUGGESTIONS

A high-end wine with excellent quality: a creature of our imagination, our own personal interpretation, combining years of tradition and contemporary innovation. It is a special wine, which represents our philosophy of work and life. 14% alcohol content.
